BALANCING PRODUCTS : ELECTROSTATIC CLING BALANCING BEADS

THE PRODUCT RANGE

IN PLASTIC BAGS

	Contenances	Couleurs	Nb de sachets par carton
65115-48	113 g	4 oz	48
65116-40	142 g	5 oz	40
65117-36	170 g	6 oz	36
65118-32	227 g	8 oz	32
65119-28	282 g	10 oz	28
65120-24	340 g	12 oz	24
65121-20	397 g	14 oz	20
65122-18	454 g	16 oz	18

IN BUCKETS

66887-67

Bucket of 7.5 kg

Bis-line

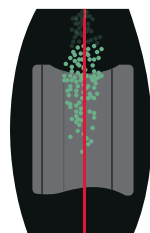

61391-67

Bucket of 7.5 kg

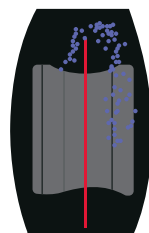

ADVANTAGES

PRODUCT UNIQUENESS : beads are **ELECTROSTATIC** and **STAY IN PLACE ALL THE TIME.**

CAR STOPPED

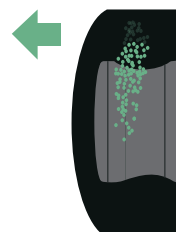

COUNTERACT

OTHERS

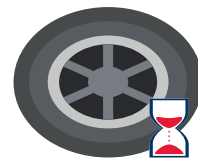

INTO SHARP CORNERS

COUNTERACT

OTHERS

Increased tire life

Fuel saving

Adapted to alloy rims

Environmentally friendly

Reduces vibration

No machine investment

Reduces maintenance

STUDY BASED ON TESTS REALISED IN THE SCHRADER PACIFIC TIRE HARDWARE SOLUTIONS LABORATORY

To bring an alternative to low quality of others products on the market, Schrader Pacific Hardware Solutions conducted tests to highlight the reliability, the quality and the safety of its product range, while remaining competitive.

SAFETY

Keep in mind to change your core by ordering our patented solution :

Balancing Beads Cores
